

Key Benefits of the AVSEC PM[®] Training Programme

Attend the most advanced aviation security (AVSEC) training programme in existence today. Become an internationally recognized professional AVSEC manager

- **A unique Professional designation** tailored to aviation security discipline
- **Permanent membership in the AVSEC eProfessional Community network**
- **Required** by some States for any AVSEC assignment or consulting service
- **Full-spectrum AVSEC approach**
Based on worldwide AVSEC requirements and practices - 70% of the course
- **Advanced Management Training**
John Molson School of Business (JMSB) of Concordia University – AACSB accredited Business School – 30% of the course

Innovative and flexible learning environment

Distance eLearning format with a teaching load equivalent to 5 weeks full-time

Flexible individual study time management combined with eClassroom advantages

The added value of **one-week face-to-face sessions** at beginning and end of programme

A flexible travelling **choice** with different face-to-face locations during the year

AVSEC P.M.[®] Professional Designation

This course leads to a formal AVSEC Professional Manager (PM[®]) designation delivered jointly by ICAO and the John Molson School of Business at Concordia University

AVSEC eProfessionalCommunity (ePC)

AVSEC PM[®] is designed to provide the graduates with permanent access to the global AVSEC eProfessional Community network through a web-based forum managed by ICAO and JMSB. The AVSEC ePC provides exclusive forums that contribute to the professionalization of the AVSEC discipline

AVSEC PM[®]

ACCO member Tuition Fees €3 100 Euros

Non member Tuition Fees €3 600 Euros

** Please note that this does not include the cost of travel & accommodation for the 2 face to face weeks*
